Sir:

This is responsive to the Office Action mailed January 16, 2003, having a shortened period for response set to expire on April 16, 2003.

The following amendments and remarks are respectfully submitted.

IN THE CLAIMS:

Please **AMEND** claims 5 and 6 as follows:

Sub C
B

5 (ONCE AMENDED) A method for visual display unit-based definition and parameterization of a software interface of a software component of an industrial automation system, the software interface having at least one interface parameter that has at least one editable attribute, the method comprising:

- providing a display window which can be divided vertically or horizontally;
- displaying in a first partial window of the display window a hierarchical structure of the at least one interface parameter of the software component;
- selecting one interface parameter using a movable cursor; and
- displaying in a second partial window of the display window a detail display of the selected interface parameter, the detail display including a display of at least one editable attribute of the selected interface parameter and allowing the editable attribute to be defined and parameterized.
